

Please provide me with your home phone number so that I can make sure that you get called at inopportune times! or -allow the Wisconsin law to stand as is! Please?

We previously received annoying intrusive phone calls at a rate of three to four per day. Now we get none! When our phone rings we know we have to pay attention because it is a friend, a relative or an important call, perhaps an emergency. Previously we had to ignore the phone or turn it off when we did not want to be disturbed... We do not want to go back to those "bad old days".

Respectfully.
